## Aerosol production stays steady in Argentina

erosol production in Argentina dropped 2.3% in 2015, down 27 million units from 2014, according to Camara Argentina del Aerosol (CADEA). Of the major categories, Personal Care, which accounted for 54% of total aerosol fillings, decreased by 48.7 million units (-7.37%). The vast majority of Personal Care products filled were AP/Deos at 582 million units, down 7.9% from 2014.

Household Care products rose almost 6% to 212.7 million, with Air Fresheners up 8.44%. Insecticides (2.5%), Food Products (4.84%) and Others (7.3%) all saw increases. Within the Others category, Party String, Veterinary products, Industrial products, Paints & Varnishes and Automotive all saw some gains. SPRAY
