

ITW Sexton

ITW Sexton has pioneered the design and manufacture of deep drawn metal containers for a variety of markets and applications, and boasts a diverse client base ranging from the computer industry to the automotive industry. Over the past century, ITW Sexton has emerged as a leading provider of drawn components to the aerosol industries.

Services Offered

At ITW Sexton, we take special care to focus on the needs of the customer and their business. Sexton cares about helping your company achieve results. Customer service is our TOP priority, making sure that constant attention to detail is applied to every order, big or small.

ITW Sexton works hard to anticipate your every need including custom designs, smaller production runs, multiple color base coat options and pressure requirements.
