

Kaufman Container

Kaufman Container Company is a leading packaging sourcing center in North America. For the past century, we have provided packaging components, custom and stock molds, package development, quality assurance and technical support to a wide variety of customers in various markets. Kaufman Container offers a large array of glass, plastic, aluminum and metal containers, tubes, closures, dispensing systems, and celon bands. We have a number of stock closure options, including dispensers, foamers, trigger sprayers and more, making us the leader in dispensing and spray technologies. Our “one more thing” business philosophy along with our experienced sales and technical staffs are what makes working with Kaufman a truly unique experience.

Locations

Kaufman Container’s corporate headquarters are located in Cleveland, Ohio. We have two state-of-the-art decorating facilities and warehouses located in Cleveland and Minneapolis, Minnesota. An additional sales office and warehouse is located in Cincinnati, Ohio.

Key Personnel

Roger Seid	CEO

Karen Melton	Vice President – Finance

Services Provided

Kaufman Container provides state-of-the-art decorating at our Minneapolis and Cleveland facilities. The decorating services we offer include screen printing glass, plastic and metal containers, hot stamping, shrink and pressure-sensitive labeling. In order to meet our customers growing needs, Kaufman has recently added roll stamping and a steam tunnel for shrink labeling to our already vast decorating options. We also have an in-house graphics department to assist you with your artwork requirements. Warehousing options are available if required. In addition, we offer global and domestic sourcing from partnerships we have formed with suppliers throughout North and South America, Europe and the Far East. Our Quality Assurance Department means you can expect nothing but the finest packaging components you deserve.
