

Summit Packaging

Summit Packaging Systems recently celebrated its 34th year of supplying valve systems to the aerosol packaging industry. Its commitment to fully integrated manufacturing facilities continues to position Summit Packaging as the best worldwide source for aerosol valves with the highest quality, best service, and lowest pricing.

With five plants strategically located for optimal customer service, Summit has facilities in Manchester, NH; Almere, the Netherlands; Pilar, Argentina; Racine, WI; and Tarnow, Poland.

SUMMIT PACKAGING SYSTEMS IS INTRODUCING THREE NEW PRODUCTS TO THE AEROSOL MARKET:

Locking Actuator System:

Introducing Summit's new Locking Actuator: The Wave. This design incorporates modern aesthetics with audible and tactile position indicators. Available in the full range of Summit two piece Mechanical Break Up (MB) technology and obscures the insert when in the closed and locked position. Eliminates the need for an overcap. Two piece actuator and skirt design allows for two color combinations. Uses the Summit SV-77 fast pressure filling valve. Ideal for any product application.

Summit Trigger

Summit Packaging Systems is proud to introduce its new one-piece Trigger actuator. Our new cost competitive trigger combines a low force-to-actuate and excellent directionality with a modern aesthetic. The Summit Trigger offers superior top load strength eliminating the need for an overcap. It is available in one-piece non-mechanical break-up configuration for such applications as Duster Sprays and Wasp & Hornet products and is designed to accept an extension tube. Available in any custom color.

Summit Horn

Summit Packaging Systems has introduced its new Horn actuator. The sleek detailing on this actuator will bring a contemporary appeal to your products. It offers ease-of-use for the end user combined with excellent directionality and eliminates the need for an overcap. The Summit Horn is available in one-piece non-mechanical break-up configuration for use with especially high delivery products. Available in any custom color.
